Selectmen of Carroll
James H. McElroy, Chairman
Twin Mountain, Box 146
Carroll, N.H. 03595

Gentlemen:

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1977 taxes on the basis of the following figures:

Net Assessed Valuation \$10,312,550.00

Taxes Committed to Collector:	
Town Property Taxes Assessed	\$338,251.64
Precinct Taxes Assessed	
Total Gross Property Taxes	<u>\$338,251.64</u>
Less: Est. War Service Tax Credits	<u>4,050.00</u>
Net Property Tax Commitment *	<u>\$334,201.64</u>

Tax Rate 3.26

* The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

In the event any adjustment was made in the Appropriations Section, we have enclosed a copy of the changes. Revenues and Credits have been approved as shown of the enclosed copy of the third page of the Statement of Appropriations.

The net amounts approved for school and county are as follows:

Net School Appropriations	\$184,819.95
County Tax Assessment	25,259.60

In arriving at the above approved rate the Overlay has been set in the amount of \$10,499.09

Very truly yours,

Lloyd M. Price, Commissioner

TOWN OF CARROLL

AUDITOR'S OPINION

We have examined and audited the accounts and records of the Town of Carroll, New Hampshire for the fiscal year ended December 31, 1977.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheets and statements of sources of revenue and expenditures present fairly the financial position of the Town of Carroll, New Hampshire at December 31, 1977 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a consistent basis.

Respectfully submitted,

Plodzick and Sanderson

TOWN OF CARROLL

LETTER OF TRANSMITTAL

Members of the Board of Selectmen
Town of Carroll
Carroll, New Hampshire 03595

Gentlemen:

We have examined the financial statements of the Town of Carroll, New Hampshire for the fiscal year ended December 31, 1977, and have prepared the attached exhibits in conformity with the recommended format prescribed by the Municipal Services Division of the State of New Hampshire in accordance with R.S.A. 71-A:19. Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Twin Mountain Library, and Trustees of Trust Funds.

FINANCIAL INFORMATION

General Fund

Comparative Balance SheetExhibit A-1
Statement of Change in Fund Balance;.....Exhibit A-2
Statement of Appropriations and Expenditures.....Exhibit A-3
Statement of Estimated and Actual Revenue and
Budget Summary.....Exhibit A-4

A comparative balance sheet disclosing the financial condition of the general fund at December 31, 1977 and December 31, 1976, is presented in Exhibit A-1. As indicated therein, the current financial condition of the Town changed from a current deficit of \$20,344 at December 31, 1976, to a current surplus of \$21,910 at December 31, 1977. An analysis of the change in fund balance is shown in Exhibit A-2.

Statements of appropriations and expenditures, estimated and actual revenue are included in Exhibits A-3 and A-4, respectively. As indicated by the budget summary, Exhibit A-4, a revenue Surplus of 33,821, plus a net unexpended balance of appropriations of \$15,432, resulted in a budget surplus of \$49,253 for 1977.

Long-Term Indebtedness

Comparative Balance Sheet.....Exhibit A-5
Statement of Debt Service RequirementsExhibit A-6

A comparative balance sheet disclosing the total long-term indebtedness of the Town is contained in Exhibit A-5. The long-term debt outstanding amounted to \$88,700 at December 31, 1977. A statement showing annual debt service requirements of principal and interest is contained in Exhibit A-6.

OTHER FUNDS AND OFFICIALS' ACCOUNTS CASH BASIS STATEMENTS

The accompanying supplemental exhibits covering segregated funds and the accounts of those officials entrusted with the custody, receipt or expenditure of Town funds, are presented in accordance with the current requirements of the Municipal Services Division of

the State of New Hampshire. Although not considered necessary for a fair presentation of the financial statements and results of operations, our examination of these accounts included the same tests and auditing procedures applied in the examination of the aforementioned exhibits. In our opinion, these exhibits present fairly the revenues collected and expenditures paid arising from cash transactions then ended on a basis consistent with that of the preceding year.

GENERAL COMMENTS

Revenue Sharing Funds

In our audit reports covering the years 1975 and 1976, we stated that the Town had not filed the required reports with the office of Revenue Sharing and therefore was not receiving the revenue sharing funds that it was entitled to receive. Our examination of the records in 1977 revealed that the Town had received \$6,357 in 1977, of which \$5,702 was unappropriated and available for Town use at December 31, 1977. This amount has been reflected on the general fund balance sheet at December 31, 1977.

Litigation

The final settlement in the litigation between the Town of Carroll and Mount Washington Development Company and Institutional Investors Trust concerning the payment of real estate taxes to the Town ofr the years 1974-1976 resulted in the following abatements to be issued by the Town of Carroll.

<u>Levy Of</u>	<u>Amount</u>
1974	\$46,000
1975	56,230
1976	<u>61,527</u>
	<u>\$163,527</u>

An abatement for the levy of 1974 in the amount of \$46,000 was issued by the Town in 1977. The balance of \$56,230 for 1975 and \$61,297 for 1976, totalling \$117,527 will be abated in 1978. We have reserved this amount of the general fund balance sheet as of December 31, 1977.

We would like to thank the officials of the Town of Carroll for their cooperation in providing us with the documents necessary for completion of the audit.

Very truly yours,

Plodzick and Sanderson

FIRE CHIEFS REPORT FOR 1977

The Year has been a busy and active one for the Fire Department. We had about eighteen fire calls including two major building fires, several automobile fires, and about eight chimney fires. Chimney fires have been increasing because the usage is increasing on wood and or solid fuel burning stoves and furnaces. We still cannot emphasize strongly enough the safety and maintenance of these types of heating devices. Chimneys must be checked and cleaned periodically. Air tight equipment or devices build creosote rapidly, and must be maintained accordingly. Wood burners must be installed properly with all proper clearances from combustibile walls and ceilings. Stove pipe joints should be sealed with stove putty or cement and sheet metal screwed together for safety if a back draft should occur.

Fire prevention cannot be emphasized too strongly. Train yourself to be careful with all types of kitchen activitives around cooking stoves and hand appliances. Don't let trash collect in corners or under stairs in cellars and attics. Have your electrical wiring brought up to date and inspected by a licensed electrician. Check your smoke detector and test it to be certain it is in good working order. If you don't have any fire extinguishers, purchase at least one at first and put it in the kitchen. Keep matches and flamable liquids away from the reach of small children. Think about a plan for evacuation of your home should a fire occur. Show everyone in the house a way to get out if necessary, and regular ways are blocked.

The Emergency Van responded to approximately ninety calls this year. We are in the process right now of having four more personnel being trained for Emergency Medical Technicians.

Thank you very much for your support and kind consideration.

Respectfully submitted,

G. L. Whitcomb, Fire Chief

POLICE DEPARTMENT

I respectfully submit to the taxpayers and citizens of the community the following report of the activities of the Carroll Police Department.

The year 1977 was in my estimation a very busy year activity wise, in every segment of law enforcement. The Department shows a record of an increased number of motor vehicle accidents covered. The increase here was caused by the increased number of parking lot type and unreportable accidents. Fortunately there were no fatal accidents.

Many hours have been spent on burglary investigation which even though it only involved a single break in our community, it lead to the solution of at least twenty two breaks in the communities around Carroll. In reference to the number of thefts which seem to increase each year, it should be noted that most of these take place in parking lots at the outskirts of town where automobiles are left with very expensive equipment such as cameras, C.B. Radios, hiking equipment, also wallets and pocket books containing money and credit cards laying on or just under front seats or in glove compartments. Many times these thefts go unnoticed until the owners arrive at home, sometimes many miles away. It is very difficult to understand why people expose themselves and their property to such easy pickings.

As usual the greatest amount of time is spent on motor vehicle activity. The records indicate a large increase in the number of motor vehicle violations with court action. Many of these violations are picked up while on routine patrol with the moving radar in service. Actually when it appears as though the cruiser is just riding around or just following the school busses, it is constantly monitoring the speed of traffic and there are certain areas in the community that requires this kind of constant monitoring to insure the safety of the children, residents and our tourists.

In summation I would like to make note of some of the accomplishments of the Police Department this past year. Early in the Spring two part time officers graduated from the sixteen week Part Time Officer class provided by the New Hampshire Police Training and Standards Council and I reiterate again that anyone that does police work today must have at least this training.

Late in May we had a very successful bicycle inspection and registration. It was very gratifying to see the number of kids as well as parents that took a genuine interest in the program, and the amount of help we received, as well as the one on one get to know you basis. The members of the department feel this was a very rewarding day.

The improvements around the intersection were partially completed and the installation of the traffic signals, although delayed due to shortages from the supplies, have now been almost completed. Time will tell the effectiveness of these improvements.

Renovation to the Police Department Office have almost been completed. Many contributions of materials and hours of labor have gone into this project. Funding from the Crime Commission has made the new office equipment available at a very minimal cost to

the taxpayer. I personally want to thank every person, whether they contributed labor, material or knowledge to the project for their generosity.

In closing I would like to thank the Selectmen, all my fellow officers, and fire department, highway department, a very dedicated secretary in the office, and every person in the community for their support this past year.

Law enforcement and crime prevention is everyones business, so let's continue to work together.

Respectfully submitted,

John A. Harney Sr.

LIBRARY REPORT

The Library will once again be opened on election day and all townspeople are invited.

We have added many new books to our shelves both fiction and non-fiction. We also have a good selection of childrens books, and more on order. Several new books have been ordered for remedial reading for elementary grades.

We have five new 40 - 60 minutes childrens cassettes to add to our collection. One of them is stories from "Little Women", narrated by Jullie Harris. The other tapes are equally good. We also have two battery operated cassette players on loan to children.

We have received several donations of good used books, adult and childrens, by townspeople; also a number of very nice records have been donated for our music Library; popular and semi classic.

We sincerely appreciate the interest shown our library by your donations of books, records and visits..

TWIN MOUNTAIN AIRPORT

It has been both suggested and requested that a report on the Airport and its activities be included in the Town Report, with so many new people in the town and a number of the long time residents do not see or comprehend the operation of the Airport.

The Airport is located on property owned by us and by the Blaggie's. It was first built by us with the assistance of various members of the Aviation Association of N.H. and friends. No Town, State or Federal monies were used in the construction.

At the beginning we were 1800' in length and between 1962 and 1963 we lengthened it to 2800' of dirt runway. At this point the State assisted us by supplying the necessary culvert needed to cross the inlet to the pond located on Blaggie's property, then owned by the Farringtons'. They furnished us with a Unicom Radio, necessary for air to ground communication and a wind sock, which indicates the wind direction. The Airport was approved by the State Aeronautics and Federal Aviation Agency, and a traffic pattern was approved and conditions by which the Airport could operate under were set forth.

The Airport became popular with the flying public and traffic increased. There were many weeks in the fall & spring of the year that the Airport had to be closed because of mud, and during the rest of the year we took off and landed in a dust storm as the ground was virtually all packed sand.

Two problems started to face us; first the flying public and the liability we were facing by allowing them the use of the Airport, and secondly the runway surface. In talking with the State Aeronautics Commission it was suggested that we approach the Town to lease the Airport, comprising of runway and taxi way only, from us and then the Airport could be covered under the Towns liability Insurance and State Funds could then be able to be made available to the Airport as it would be a Municiple Airport and not private.

The Town Fathers were agreeable and a lease agreement was drawn up to protect the Towns interest. At this point we approached the Town to raise matching funds to surface the runway. Over a two year period \$5000 was raised by the town and a like amount was given the town by the state. We were able by using a process called "Farmers Mix" and yankee ingenuity to pave 2750' of the runway. Again the assistance of friends and members of the Aviation Association made it possible to complete the job for the amount of \$10,000. Several years later we were able to pave the taxiway which was done completely with State monies.

Three years ago we installed a lighting system for night landings and take offs, this again was paid for with State monies. Labor to accomplish these projects for the most part was donated by Joe and his flying & non flying friends.

Each year the State reimburses the Town a portion of the Registration Fees received from the Aircraft based at the Airport and an amount of monies is allocated us each year for the use in the snow removal & maintenance of the portion of the Airport leased by the Town. This has been the only monies spent. Each year under the Airport appropriation is an amount of monies asked to be spent

based upon the anticipated revenue from the state. If the revenue is not received then the amount of money is not spent. The Revenue received for the Airport can not under State Law go back into the General Fund. If not expended, it is carried over to the following year, which allows us to accumulate funds for a large expenditure that could not be taken care of with the amount of revenue received in one year.

What has the Airport cost the Town? Mainly the cost of the insurance.(until this year, when it was charged to the Airport Account, \$225) which is necessary to allow other aircraft the use of the Airport. We do carry our own insurance as aircraft owners, airport operators, and as a commercial operator. When the Town does assist in any maintenance or snow removal, these costs are charged against the Airport Account.

Practically all the snow removal is performed by us so that the Airport can always be kept open. You will note that some expenditures are paid to us which by no means covers our actual expense for gas, maintenance use of our equipment and labor. Try plowing a runway 2800' long, 100' wide, plus a taxiway 500' in length by 100' wide for what we are reimbursed. Airport plowing is critical as airplanes are unequipped in their requirements.

For over ten years an article appeared for Tax Exemption for the Airports Runway, Taxiway and Terminal Building, as long as it is available to the Aviation public at no charge. Last year it did not appear as it is understood that since it is leased to the Town, it is therefor Town Property, and not subject to taxation, although in all these years neither ourselves or the owners of the Charlmont received an adjustment to our acreage to cover for the land used for the purpose of the Airport Runway or Taxiway. The adjustment just did not seem that economically great to push for it.

Now, What does the Town get from the Airport? Well first of all taxes. On one hangar we paid \$355.34 for 1977 taxes and approximately \$250.00 additional on our other tax bill for the open T Hangar, our barn hangar and the land the Airport Grounds are located on. We pay water bills on the Terminal building & hangar, totaling \$51.80, so directly the town receives over \$650.00 as a direct revenue from the Airport. On a list given to the Selectmen listing business and citizens that have directly received a service from the Airport are over 50 names. So to say that we are the only ones using the Airport is not a true statement, as over 1000 other aircraft have used the facility for one reason or another.

We have donated our services to the town to fly Gary Whitcomb, Civil Defense Director to Concord on the Flood Disaster at no charge. We have assisted the Police, Forestry Department, and the Fish and Game Department at no charge, as well as flying to assist the Highway Department for parts and to see equipment at no charge.

We like to feel and we believe that the Airport is an asset to the town and its citizens.

Respectfully submitted,

Dot & Joe O'Brien
Airport Managers

TOWN REPORT
From the North Country Council, Inc.
Box 40, Franconia, N.H.

In Carroll, NCC assisted in the preparation and reproduction of model subdivision regulations and met with Selectmen to discuss provisions of the Safe Drinking Water Act.

In 1977, NCC provided the following region-wide services:

Planning Services: NCC provides technical assistance to communities in a number of areas such as comprehensive planning, assistance with subdivision regulations, or reviewing development proposals. NCC is always available to meet with any local official, planning board or public body to assist with local planning matters and thirty-five towns have received some type of direct service from the Council.

Economic Development Grantmanship: NCC worked closely with the Economic Development Administration of the US Department of Commerce, the Farmers Home Administration, the Bureau of Outdoor Recreation, and HUD to bring a greater amount of financial resources into the region; this will assist municipalities, local development corporations, and other organizations implement locally developed projects and programs. NCC attempts to be aware of the many federal grant programs that would be relevant to needs of communities in the North Country.

Preparation of Development Plans: By working over time to complete components of the Development Plan (in accordance with RSA 36:45), the Council will be in a position to make specific recommendations on how the communities in the Region can develop and prepare for future growth. During 1977, much progress has been made in the areas of Land Use, Housing, and Economic Development.

Participation in National and State Policies: NCC responds to opportunities to present a North Country perspective before federal and state agencies. Examples include its presentation to the Regional Town Meeting on transportation sponsored by DOT Secretary Adams; meetings with the regional representative of the Department of Energy on the potential of wood energy, its role in initiating legislation which permitted the construction of bi-state sewerage treatment plants, and its assistance in developing state legislation permitting town governments to develop and own industrial parks. NCC has also worked with the N.H. Department of Public Works and Highways to encourage the Department to make improvements to US 302 from Woodsville to Littleton. As a body representative of local government, NCC provides a local response to state initiatives on "208" Water Quality, Solid Waste, and Safe Drinking Water Standards.

Inquiries, Technical Assistance and Special Reports: NCC staff is always available to respond to the inquiries and requests of member municipalities. In the last year, the Council has published technical assistance reports on "Model Subdivision Regulations", "Woodsville Downtown Improvement Summary Report", "Energy Perspectives in the North Country", and the "North Country Housing Element."

Education and Training Programs: NCC again co-sponsored the six Municipal Law Lectures in the Fall and the second statewide Annual

Meeting of Regional Planning Commission members. A special workshop for applicants of Round II of the Local Public Works Act was held in conjunction with EDA officials from Concord and Philadelphia. Planning News, the NCC Newsletter, and a legislative bulletin keep local officials and interested persons informed of planning and development activities.

In 1978, the Council will be available to work with the town and other appropriate groups to help implement some of the recommendations contained in the plans. Ideas and suggestions on how the Council can be of greater assistance are appreciated. The Council was created by five towns in 1973 and continues to exist as a service agency to the towns. The Council greatly appreciated the support it receives from the towns, knowing that the support will enable it to provide continued service to the area in the future.

TWIN MOUNTAIN CHAMBER OF COMMERCE

We, the members of the Twin Mountain Chamber of Commerce, have reduced our request for town assistance towards its' promotion.

We are seeking \$1,500 (fifteen hundred dollars) to defray some of the expense for maintaining our local information booth. We sincerely hope that this meets with the approval of the voters.

WHITE MOUNTAIN COMMUNITY SERVICES, INC.

Chairman
Board of Selectmen
Twin Mountain, N.H. 03595

Gentlemen:

White Mountain Community Services wishes to request an appropriation of \$617.50 at the 1978 Town Meeting. This represents \$1.25 per capita of population based on 1975 State census statistics.

Demands continue for our services in your schools, hospitals and for psychiatric emergencies as well as traditional counselling. Hopefully we will be able to continue to provide these vital, and at times, life-saving services.

White Mountain Community Services continues to provide direct services to area hospitals. Reports to us from the medical and hospital staff acknowledge the help this effort on our part has been to them. We are continuing to consult with school personnel and provide follow-up counselling care. We continue to service people directly so as to prevent admission to the New Hampshire Hospital from your area. In this respect area residents are involved in our Day Treatment Program which provides structured group activities in the local community as well as outpatient counselling. Both these services are provided at substantial savings compared to the cost of State Hospital care. In addition we are currently implementing new clinical services for both children and elderly - two groups that have not received as much attention as they should have in the past.

In conclusion, we are grateful to you and your townspeople for their support in the past. We realize no single town can afford the level of mental health services needed and available to the citizens of the North Country. However, if each town is willing to vote its full share to help further this cause then all of our citizens benefit. In this respect let me point out that our request to Grafton County this coming year will be substantially reduced from last year in that we are planning to go to a fee for service contract in relation to the County Home and Jail. What this means in essence is that we have agreed to deliver a certain number of hours of service to these two facilities according to the fee structure set by the State of New Hampshire. Hopefully this eliminates the double taxation issue we were caught up in last year in that we are no longer requesting a block grant from the County. Because our request to the County is lower we need every local dollar we can secure. Accordingly we need your help and hope you will speak and act in favor of our request.

Sincerely,

Milton T. Bratz, Ph.D.,
Executive Director

North Country Home Health Agency, with its main office at 60 High St., Littleton, and Satellite offices in Cottage Hospital and Linwood Medical Center, provides services aimed at prevention, intervention and control of disease. This Agency serves the residents of 15 towns in a 1200 sq. mile area in the North Country.

Services performed in 1977 were as follows:

8457 Skilled Nursing Care visits to patients in their homes. These include the chronically ill; short term care following hospitalization or acute care in place of hospitalization; visits to newborns and mothers; diet and nutritional teaching; follow-up visits from clinic settings; and assistance in institutional placement when necessary.

8685 Homemaker/Home Health Aide visits, representing 9,000 hours. The purpose of this service is to maintain people in their own homes through assistance with personal care, light housekeeping and meal preparation; performing ancillary nursing services.

62 Physical Therapy visits to homebound patients.

407 Health Promotion visits. These visits are for assessment and evaluation of a person's needs and/or problems.

Public Health Activities, aimed at prevention, were as follows:

17 immunization clinics for pre-school children. 695 children were immunized.

2 lead level screening clinics for all ages, at which 154 persons were seen.

6 dental screening clinics for pre-school children with an attendance of 294.

4 Crippled Children's clinics, co-sponsored by N.H. Division of Public Health, for area residents under 18. 106 children were seen.

5 well-child clinics which provided physical exams for pre-school children of low-income families. 64 children attended.

4 adult health screening clinics sponsored jointly with the statewide and local Lions clubs. 525 adults over 18 were seen.

This Agency is approved by Medicare and the New Hampshire Department of Public Health as a certified provider of home care services. The Board of Directors is composed of volunteer members representing the towns served. It is a non-profit agency and monies received are returned in direct services to residents of the 15 towns.

SERVICES TO RESIDENTS OF CARROLL during 1977 were as follows:

306 Skilled Nursing Care Visits; 2 Physical Therapy Visits; 236 hours of Home Health Aide Service; 405 hours of Homemaking service; 8 Health Promotion Visits; 6 visits to Newborns and their mothers. Residents of Carroll may attend any of the above-listed clinics at no charge.

WHITE MOUNTAIN REGION ASSOCIATION

Activities: - Programs

Fiscal Year July 1, 1976 - June 30, 1977

Assisted the N.H. Office of Comprehensive Planning in implementing an experimental air freight/passenger service from the Whitefield Regional and the Berlin Municipal Airports.

Sponsored an inter-regional conference on Black Fly Biology and Control with the University of New Hampshire and the State Department of Agriculture.

Published a new Cross-Country Ski Touring folder which your association distributed throughout eastern United States.

Printed and distributed Fall Foilage Shunpike folders, White Mountains Maps and Guides, Regional and State Accommodation directories, and Canoeing and Kayaking information.

Committed \$5,000 (included a corporate advertising program with the Center) to the White Mountains Center for the Arts as well as substantial time of the Association's executive director and executive secretary.

Prepared all text material for issues of Outlook magazine.

Provided regional information and promotional material to out-of-state promotion and travel agencies.

Committed \$1200 to many communities in support of local projects, and continued financial support of 4-H groups in Grafton, Coos and Carroll Counties. Also financed publication of the Christmas Tree Vendor which supports the Region's \$1.2 million Christmas tree industry.

Implemented a series of sub-regional meetings to improve communication between the communities and your Association.

REPORT OF DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Forest fire control in New Hampshire is a joint state and town responsibility. (RSA 224)

The Director, Division of Forests and Lands (State Forester) appoints: a forest fire warden and several deputy forest fire wardens in each town upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town and state sharing the cost. Suppression costs in excess of $\frac{1}{2}$ of 1% of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organization and helps coordinate activities between towns. The state also supports local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.

STATE OF NEW HAMPSHIRE
Executive Department

As Executive Councilor for District One which covers 62% of the State of New Hampshire (102 towns and 3 cities), I am pleased to submit this short report to the citizens of your town.

The Executive Council of New Hampshire is elected from five districts portioned by population. The work of the Council has been described as similar to that of a board of directors for State business. The New Hampshire Constitution provides that the Council shall from time to time advise the Governor in the affairs of State. State law as passed by our General Court mandates much of State government to be acted upon "with the advice and consent to the Council."

Our meetings in the State House Council Chambers are open to the public, and I would welcome having any citizens from our District attend any of the meetings.

The responsibilities of the Governor and Council are so diversified as to defy any attempt at exact classification. Their activities extend to the appointment of certain public officials, to a general supervision over State departments, to State expenditures, to pardon matters and to a variety of other duties... State officials and employees, State fiscal matters, pardons, commutations and reprieves, eminent domain and related responsibilities, State Contracts and leases public waters, State industrial and recreational interests and miscellaneous responsibilities.

From time to time, as Councilor if I can be of help to cities, towns, counties, agencies and individuals, I stand ready to do so especially if the problem or concern has to do with State government. However, as many of you know, much of our government, at the local level, is funded by not only local dollars but State and federal monies are many times involved which means that several levels of government are involved. In such cases we must turn to our local town administrative assistants, regional planning commissions, county officials and others for help and guidance.

I can generally be reached by writing or calling my home office (R.F.D.#1, Woodsville, N.H. 03785, telephone, 603-7473662) or in care of the Executive Council Chambers (State House, Concord, N.H., 03301, telephone 603-271-3632).

466:31 Dogs a Menace, a Nuisance or Vicious

1. Any person who considers a dog to be a nuisance, a menace or vicious to persons, to property or to other animals may make a complaint in writing to any law enforcement officer, conservation officer, or a selectman of the town or city in which such dog is kept. Such officer or selectman shall within 3 days after the receipt of such complaint, investigate the facts and circumstances of the case, and if the complaint is sustained shall forthwith order the owner, keeper or person who harbors such dog by abate the nuisance or menace. Service of such order shall be made upon the owner, keeper or person who harbors such dog by any law enforcement officer by causing a certified copy of such order to be delivered to him or by registered mail to his last known place of abode. Any owner, keeper or person who harbors such dog upon whom notice of such order has been served, may, within 10 days bring a petition to the municipal or district court for the town or city, as the case may be, praying that the order be reviewed by the court. After notice to the investigating officers and the person or persons making the complaint, and upon hearing, the court shall affirm, modify or dismiss such order of the justice of the court, the owner, keeper or person who harbors such dog shall restrain such dog from running at large at all times.

11. Under this section, a dog is considered to be a nuisance, a menace, or vicious to persons or to property under any, or all but not limited to the following conditions:

a. If it barks for sustained periods of time, or during the night hours so as to disturb the peace and quiet of a neighborhood or area;

b. If it digs, scratches, or excretes, or causes waste or garbage to be scattered on property other than its owner's;

c. If any female dog in season (heat) is permitted to run at large or to be off the premises of the owner or keeper during this period except when being exercised on a leash by a responsible adult. At all other times such dog shall be confined within a building or enclosure in such manner that she will not come in contact (except for intentional breeding purposes) with a male dog. A female dog in heat shall not be used for hunting;

d. If it growls, snaps at, runs after or chases any person or persons;

e. If it runs after, or chases bicycles, motor vehicles, motorcycles, or other vehicles being driven, pulled or pushed on the streets, highways or public ways;

f. If, whether alone or in a pack with other dogs, it bites, attacks, or preys on game animals, domestic animals, fowl or human beings.

111. Any person who fails, by appropriate action including but not limited to restraining an animal from running at large, or otherwise effectively abating a nuisance found such under the provisions of this section, or who fails to comply with any other provisions of this section after being so ordered, shall have his dog taken into custody by the police of the city or constable of the town and such disposition made of the dog as the court may order.

46:31-a Penalties

1. Any person who violates any provision of RSA 466:31 shall be guilty of a violation, provided that if such person chooses to pay the civil forfeiture specified in paragraph 11, he shall be deemed to have waived his right to have the case heard in district or municipal court and he shall not be prosecuted or found guilty of a violation of RSA 466:31. Any person who does not pay the civil forfeiture specified in paragraph 11 shall have the case disposed of in district or municipal court, and

11. Any person who violates any of the provisions of RSA 466:31 shall be liable for a civil forfeiture, which shall be paid to the clerk of the town or city wherein such dog is owned or kept within 96 hours of the date and time notice is given by any law enforcement officer to the owner or keeper of a dog in violation of RSA 466:31. If the forfeiture is paid, said payment shall be in full satisfaction for the following violations;

(a) \$10 for nuisance offenses under RSA 466:31, 11 (a), (b), or (c).

(b) \$15 For menace offenses under RSA 466:31, 11 (d) or (e).

(c) \$25 For vicious offenses under RSA 466:31, 11 (f).

III Any person who pays a civil forfeiture specified in paragraph 11 3 times in any year, according to the records of the town or city clerk, may not pay a civil forfeiture for subsequent violations of RSA 466:31 in that year, but shall have those cases disposed of in district or municipal court.
